

# Newlane B.A. Liberal Arts: Biological & Health Sciences Degree Plan: Transfer Credit Map

Bachelor of Arts in Liberal Arts: Biological & Health Sciences Specialization at Newlane University, with UPI Study courses

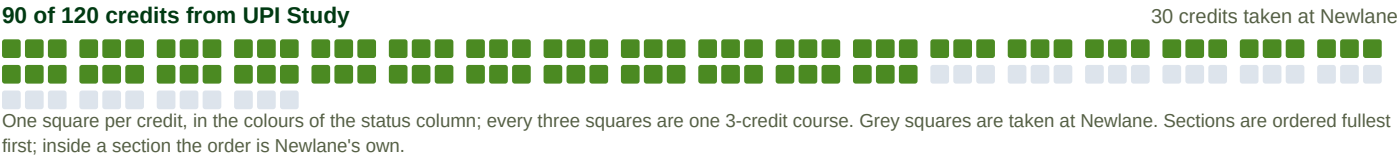

**About this degree plan.**  
UPI Study made this plan; Newlane did not provide, review or approve it. Students ask us for plans like this all the time, so we built it ourselves from Newlane's published catalog and the course equivalencies in its signed agreement with UPI Study, as carefully as we can. Catalogs and transfer rules change, and Newlane alone decides what counts toward your degree. Please check every line of this plan and sheet with your Newlane advisor before you enroll or pay. UPI Study takes no responsibility for decisions made from this plan; it is a planning tool to help you.

90 of the 120 credits can come from UPI Study courses under the UPI Study and Newlane agreement; 30 are left to take at Newlane. Newlane may ask you to earn its associate degree first (then 81).

How to read the table

"UPI suggests trying ..." is a course to try, not an official equivalency, and is never counted. "Ask your advisor if UPI's ... could count" names courses the advisor may place here. The sections come fullest first; inside each one the order is Newlane's own.

- Covered** the UPI Study course on the row fills this requirement
- Take this at Newlane** Newlane itself says this cannot be transferred in

3 credits

Made by UPI Study, not by Newlane. Check every line with your Newlane advisor before you enroll. What each UPI Study course counts as comes from the signed UPI Study and Newlane University agreement. A suggested course is one to try, not an official equivalency, and is never counted. ACE and NCCRS have over 2,100 cooperating colleges that will consider accepting credits; the final decision is with the universities.
