

SNHU B.S. Computer Information Systems Degree Plan: Transfer Credit Map

Bachelor of Science in Computer Information Systems at Southern New Hampshire University, with UPI Study courses

About this degree plan.

UPI Study made this plan; SNHU did not provide, review or approve it. Students ask us for plans like this all the time, so we built it ourselves from SNHU's published catalog and its posted course equivalencies, as carefully as we can. Catalogs and transfer rules change, and SNHU alone decides what counts toward your degree. Please check every line of this plan and sheet with your SNHU advisor before you enroll or pay. UPI Study takes no responsibility for decisions made from this plan; it is a planning tool to help you.

54 of the 120 credits can come from UPI Study courses by SNHU's own posted equivalencies; 66 are left to take at SNHU.

Credits for the degree

120

UPI Study can cover

54

Left to take at SNHU

66

54 of 120 credits from UPI Study

66 credits taken at SNHU

One square per credit, in the colours of the status column; every three squares are one 3-credit course. Grey squares are taken at SNHU. Sections are ordered fullest first; inside a section the order is SNHU's own.

How to read the table

"UPI suggests trying ..." is a course to try, not an official equivalency, and is never counted. "Ask your advisor if UPI's ... could count" names courses the advisor may place here. The sections come fullest first; inside each one the order is SNHU's own.

Covered the UPI Study course on the row fills this requirement

Ask your advisor a UPI Study course may fit, but SNHU has not confirmed it for this row, so it is not counted

UPI suggests trying a UPI Study course on the subject: one to try, not an official equivalency, never counted

Study guide UPI Study has no course here; SNHU accepts an exam, and TransferCredit.org (our sister site) has a study guide for it

Ask your advisor about this no official equivalency and nothing to suggest yet; nothing here is counted

Made by UPI Study, not by SNHU. Check every line with your SNHU advisor before you enroll. Southern New Hampshire University is not a UPI Study partner; what each course counts as comes from Southern New Hampshire University's own posted evaluations of ACE- and NCCRS-recommended courses. A suggested course is one to try, not an official equivalency, and is never counted. ACE and NCCRS have over 2,100 cooperating colleges that will consider accepting credits; the final decision is with the universities.
