

SUNY Empire B.S. Business, Management and Economics

Degree Plan: Transfer Credit Map

Bachelor of Science in Business, Management and Economics at SUNY Empire State University, with UPI Study courses

About this degree plan.

UPI Study made this plan; SUNY Empire did not provide, review or approve it. Students ask us for plans like this all the time, so we built it ourselves from SUNY Empire's published catalog and its posted course equivalencies, as carefully as we can. Catalogs and transfer rules change, and SUNY Empire alone decides what counts toward your degree. Please check every line of this plan and sheet with your SUNY Empire advisor before you enroll or pay. UPI Study takes no responsibility for decisions made from this plan; it is a planning tool to help you.

37 of the 120 credits can come from UPI Study courses by SUNY Empire's own posted equivalencies; 83 are left to take at SUNY Empire. Up to 49 if SUNY Empire confirms the rows marked "Ask your advisor".

One square per credit, in the colours of the status column; every three squares are one 3-credit course. Grey squares are taken at SUNY Empire. Sections are ordered fullest first; inside a section the order is SUNY Empire's own.

How to read the table

"UPI suggests trying ..." is a course to try, not an official equivalency, and is never counted. "Ask your advisor if UPI's ... could count" names courses the advisor may place here. The sections come fullest first; inside each one the order is SUNY Empire's own.

Covered the UPI Study course on the row fills this requirement

Partly covered UPI Study fills some of the credits; the rest is taken at SUNY Empire

Ask your advisor a UPI Study course may fit, but SUNY Empire has not confirmed it for this row, so it is not counted

UPI suggests trying a UPI Study course on the subject: one to try, not an official equivalency, never counted

Made by UPI Study, not by SUNY Empire. Check every line with your SUNY Empire advisor before you enroll. SUNY Empire State University is not a UPI Study partner; what each course counts as comes from SUNY Empire State University's own posted evaluations of ACE- and NCCRS-recommended courses. A suggested course is one to try, not an official equivalency, and is never counted. ACE and NCCRS have over 2,100 cooperating colleges that will consider accepting credits; the final decision is with the universities.
