

TESU B.S. General Management Degree Plan: Transfer Credit Map

B.S. in General Management at Thomas Edison State University, with UPI Study courses

About this degree plan.

UPI Study made this plan; TESU did not provide, review or approve it. Students ask us for plans like this all the time, so we built it ourselves from TESU's published catalog and its posted equivalency list for UPI Study courses, as carefully as we can. Catalogs and transfer rules change, and TESU alone decides what counts toward your degree. Please check every line of this plan and sheet with your TESU advisor before you enroll or pay. UPI Study takes no responsibility for decisions made from this plan; it is a planning tool to help you.

63 of the 120 credits can come from UPI Study courses on TESU's posted equivalency list; 57 are left to take at TESU. Up to 84 if TESU confirms the rows marked "Ask your advisor".

How to read the table

"UPI suggests trying ..." is a course to try, not an official equivalency, and is never counted. "Ask your advisor if UPI's ... could count" names courses the advisor may place here. The sections come fullest first; inside each one the order is TESU's own.

Covered the UPI Study course on the row fills this requirement

Ask your advisor a UPI Study course may fit, but TESU has not confirmed it for this row, so it is not counted

UPI suggests trying a UPI Study course on the subject: one to try, not an official equivalency, never counted

Study guide UPI Study has no course here; TESU accepts an exam, and TransferCredit.org (our sister site) has a study guide for it

Take this at TESU TESU itself says this cannot be transferred in

Ask your advisor about this no official equivalency and nothing to suggest yet; nothing here is counted

Made by UPI Study, not by TESU. Check every line with your TESU advisor before you enroll. What each UPI Study course counts as comes from TESU's posted equivalency list for UPI Study courses. A suggested course is one to try, not an official equivalency, and is never counted. ACE and NCCRS have over 2,100 cooperating colleges that will consider accepting credits; the final decision is with the universities.
